

SAA's Archival Fundamentals Series III

SAA will be producing the Archival Fundamental Series III, which will provide the core knowledge needed by archivists to work effectively with records/archives and papers/manuscripts—both analog and digital—in the twenty-first century.

The first books of this seven-volume series are to be published beginning in 2019. A team of highly reputable authors has been assembled to write these completely new books:

- *Leading Archives and Manuscript Programs*, by David Carmicheal (Pennsylvania State Archives)
- *Appraising and Acquiring Archives and Manuscripts*, by Michelle Light (University of Nevada, Las Vegas) and Margery Sly (Temple University)
- *Arranging and Describing Archives and Manuscripts*, by Dennis Meissner (Minnesota Historical Society)
- *Preserving Archives and Manuscripts: Principles and Practices*, by Elizabeth Joffrion (Western Washington University) and Michèle Cloonan (Simmons College)
- *Providing Reference and Access Services for Archives and Manuscripts*, by Cheryl Oestreicher (Boise State University)
- *Advocacy and Outreach for Archives and Manuscript Repositories*, by Kathleen Roe (New York State Archives)
